What Are The Different Types Of Silver Available?

The most popular and used metal in jewellery is pure silver and nowadays sterling silver. People are going head over heels on 925 Silver Jewellery. Wearing silver jewellery has always been in Indian tradition but silver is expensive and not accessible to every range of society. But with 925 sterling silver is a mixture of 92.5%silver and 7.5%copper, making it cheaper than pure silver and increasing its attainability.

5 Tips To Buy The Best Silver Jewellery For Women

- **Buy From Bone Fide Jewellers:-** Purchase 925 silver jewellery or silver jewellery from authentic jewellers only. Pure silver comes with specific markings. Although you have to look hard for the Hallmark it is there or you can ask the jeweller to show you the mark. 925 silver jewellery has the mark saying STERLING or .925.
- **Do Price Analysis:-** Before buying Silver Jewellery Online, compare the prices at other places also. This will give you a basic idea of the prices.
- **Do Magnet Test:-** You can do a physical test with the help of a magnet. As silver is not magnetic, so if the metal is not sticking to it that means you have real silver jewellery in your hands.
- **Be Wary Of Cheaters:-** Beware of the sellers that sell silver [Artificial Jewellery](#) Online. Tons of online sellers sell Silver Jewellery Online. At Ciero Jewels, we follow all the necessary rules and sell authentic silver. You can check reviews.
- **Beware Of The Sales Trap:-** Don't fall for heavy sales and offers that are giving silver at low prices because 925 Silver Jewellery is not that cheap and pure silver is expensive.
